

Conservation Practices				
#	Environmental Compatibility Indicator	Yes	Partial	No
1	Is all motorized golf course equipment checked regularly for excessive air polluting emissions?			
2	Has the irrigation system been completely checked for proper water distribution in all irrigated areas and are water leaks fixed in a timely manner?			
3	Has the irrigation system or its components recently been upgraded to reduce inefficiency, malfunction, and overall water use?			
4	Has all "non-target" irrigation (ponds, out of play areas, etc.) been eliminated or minimized?			
5	Have flow meters been installed to monitor water use and detect potential waste?			
6	Have part circle irrigation heads been installed where possible to save water resources?			
7	Are employees encouraged to minimize their trips around the course to conserve on the use of fossil fuels?			
8	Does the snack bar utilize reusable plates and silverware for use by customers throughout the facility's operating hours?			
9	Have all potential wildlife habitats and their maintenance practices been coordinated with the installation BASH officer and environmental management personnel?			
10	Are recycling containers conveniently provided for customer and employee use throughout the golf course facility?
